News from Jerusalem Christian Christian News Christian News Christian News Christian Church Obama To Usher In "Mark Of The Beast" Age, Warns Russian Church Russian Church SATURDAY, 06 DECEMBER 2008 15:23

A new report presented to Prime Minister Putin and President Medvedev by Patriarchy Alexy II of Moscow and All Russia is warning that the new United States President Barak Obama is following the same dark 'spiritual pathway' forged by last centuries German Leader Adolph Hitler as the Western Nations continue their efforts to institute upon this Earth their centuries old goal of a 1,000 Year Third Reich.

The Third Reich was the official name for the Nazi Germany - or Nazi period of government from January, 1933, to May, 1945. The term "Reich" is a German term to mean reign or rule. During this brief reign, it was under the firm control of Adolph Hitler's dictatorship and the totalitarian ideology of National Socialism. The term Nazi is a short form of the German Nationalsozialismus. The Nazi Party is the short form for the NSDAP (Nationalsozialistische Deutsche Arbeiterpartei) or the National Socialist German Workers' Party.

And he had power to give life unto the image of the beast, that the image of the beast should both speak, and cause that as many as would not worship the image of the beast should be killed. — Rev 13:15

Not being understood by the Western peoples however, is that this Third Reich was always meant to be the 'last age' of our present World as the bridge between what we are now and what we are going to become and follows upon the previous two 1,000 year reigns of the Babylonian and Roman Empires that preceded it and which were, likewise, working towards the establishment of One World Rule upon our Earth.

Most interesting to note in this report are the stunning parallels between Hitler and Obama's meteoritic rise to power which include:

Neither Hitler nor Obama were natural born citizens of the Nations they took command of as Hitler came from Austria and Obama from Kenya.

Both Hitler and Obama were raised from relative obscurity based upon the publishing of their first books which propelled them to National prominence and the publics consciousness with Hitler's "My Struggle/My Battle [Mein Kampf]" and Obama's "The Audacity of Hope: Thoughts on Reclaiming the American Dream".

Both Hitler and Obama were preceded to power by ineffective and unpopular governments that nevertheless laid the groundwork for dictatorial rule through numerous laws enacted to prevent "terrorism" and protect the Homeland.

Both Hitler and Obama campaigned for office using the slogans of "Change" and "Yes We Can" while at the same time having their pasts nearly totally obscured by their National corporate media structures.

The warnings issued to the German and American peoples by numerous religious organizations about Hitler and Obama went unheeded by the mass of their citizens.

Both Hitler and Obama assumed leadership during their Nations worst economic crisis in history allowing them to radically change the social structures of their Nations towards full militarization of the populace as the means to restore their economies.

Both Hitler and Obama advocated vast public work projects to repair their Nations systems of roads and bridges as a means to employing their citizens.

Both Hitler and Obama advocated new laws and protections for the environment vowing to protect our Earth for the benefit of future generations.

Both Hitler and Obama advocated mandatory public service for all youths as a means for attaining free public education.

Both Hitler and Obama advocated energy 'revolutions' to reduce their Nations consumption of fossil fuels.

Both Hitler and Obama were described as charismatic speakers able to mesmerize their supporters with "messiah like" fervor.

Both Hitler and Obama in private conversations prior to their taking power held great disdain for both religion and their citizens owning guns.

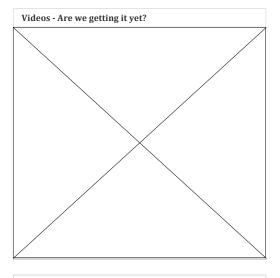

But most importantly about Hitler and Obama, this report continues, is that to their citizens they had been put forth as 'blank slates' upon which anyone is able to project upon them anything they like as behind them lies no substance, history or record of achievement other than that which is directed upon them by those dark forces which control them.

In one of the most astounding surveys conducted by the Russian Church on Obama it was found that among the American people that: Over 97% of Americans were not able to name either the city or State of his birth; Over 98% of Americans were unable to name either his mother or father; Over 99% of Americans were unable to name any US elementary or secondary school he attended; Over 78% of Americans were unable to say which university he attended; Over 99% of Americans were unable to state what he did or where he lived between the years of 1970-1998.

What brings these shocking numbers into even sharper relief is that when Hitler had, likewise, assumed the leadership of Germany nearly 95% of the German people didn't know he was born and raised in Austria.

What is not known about Obama's past however, does not conceal his plans for his Nations future, and as best stated by the British Illuminati researcher David Icke on the coming Obama Presidency, "It is not a change of direction...just the next stage."

And to this 'next stage' the American people are about to enter into there should be great fear among them as Obama is in the process of creating a ruling elite which combines the worst personages of the last 20 years coming from both the Bush and Clinton Family's powerful rule and which began with Prescott Bush, the current Presidents grandfather, who along with the most powerful US and British Industrialists, financed the rise of Nazi Germany, attempted to overthrow President Roosevelt in a 1933 coup d'état called the Business Plot, brought to the United States after World War II the elite of German Nazis surviving that conflict in what was called Operation Paperclip, assassinated President

Kennedy for daring to oppose them, took over the Central Intelligence Agency (CIA) turning it into the largest drug cartel the World has ever known, and killed nearly 4,000 American citizens during the 9/11 attacks to further their aims towards total dictatorial rule.

Even today as these very words are being written, and in yet another bid showing both their leaders arrogance and the ignorance of the American people, the Pentagon has announced it is stationing 20,000 armed US Soldiers in the United States itself to help 'protect' the Homeland from attacks.

These 20,000 US Soldiers being stationed among them should strike great fear into the hearts of all Americans, especially when viewed in the context of Russian Military reports which state that with nearly every US City surrounded by 'circle freeways', and with the average number of exits for these circle freeways being around 50, and with the number of armed troops needed to secure each exit being 6, and with only one heavy combat vehicle needed for each squad of 6 soldiers, every major population center in the United States can be sealed off and contained within 24 hours by just this exact number of troops.

To how soon the mass imprisonment of Western citizens will begin we can glimpse as reported by the Prison Planet News Service:

"An internal memo from a top Citibank analyst reveals what the banks really think about the global financial situation, and the outlook is grim. "The world is not going back to normal after the magnitude of what they have done. When the dust settles this will either work, and the money they have pushed into the system will feed through into an inflation shock," wrote Tom Fitzpatrick, Citibank's chief technical strategist.

He goes on to explain that the massive money creation efforts by the Federal Reserve and other central banks will end with one of two things: A resurgence of inflation, or a fall into "depression, civil disorder and possibly wars."

But to the direst warning of this report, the Russian Church states that like the Soviets had once defended our Earth from the Nazis, it is going to have to be done again lest we all fall into an eternal darkness where the "Mark of the Beast" will no longer be an antiquated Biblical myth, but will become the reality for billions of our human race forced into micro chipped and drugged servitude to the cruelest slave masters our Earth has ever known.

Paving The Way

I'm with JESUSFREAK394 on this one. I don't believe that Obama is the Antichrist, however I do believe that he will be the one to usher in the Antichrist. He will drive this nation into the ground and then the Antichrist will step in and proclaim peace. God's word says that no man will know the day or the hour, but he will know the season. This is just my opinion and what I feel in my spirit. But, I believe and feel that the season is here. We can't stop what God has said will already happen, so my concern is more with the Souls of my friends. With those who don't know Christ.

I will pay VERY close attention in these times, so that I can see the signs God may be showing. I will seek God even more than ever before. I will take every opportunity to share Him with those that don't yet know Him.

Now is the time for Christ's followers to put on the FULL Armor of Christ, to seek God's wisdom, read his word and Stand firm in the TRUTH. So that we are prepared when the time comes. I will no longer worry about the financial stability of our nation. I will concern myself with God's business and that is His children. I know where I am going and I know that God is in control, so I don't have to worry.

I am a worrier for Christ and there is a spiritual battle to be won that is far greater than what this nation or world for that matter will ever face.

I encourage anyone who reads this to step out of our comfort zones and take action. We are fighting God's battle not the worlds

obama and hitler have a lot of the same qualities..besides that all the signs are there, that the end of times are very near..i used to be proud to be part of the usa.now after the president has been in charge.i can honestly say that is no more..you don't have freedom when it cause to your beliefes anymore.you get arrerest just for standing up for what you believe in..we are suppose to be a free nation.to be able to believe what we want.

Being half Palestinian myself, I've been nothing but a follower of Jesus Christ my entire life Let's not forget historically that many of the
Israeli's of the Time of Jesus were "Palestinian Jews", considering Jesus himself I honestly believe Obama is the anti-christ Why? He's

black indeed, and has united the Muslims of the world and blacks together which are definitely some of the strongest people physically.. We all know blacks are strong due to the days of slavery and it would only make sense for him to have those people on his side before Jesus Christ comes back to destroy them all. Now I'm not saying all blacks are followers of Satan since many of all tongues will be demon-like, but I do believe the majority of them are especially with many of them quoting his as the "one", by Oprah that is. You can make your own judgement.. And by the way, Obama is very well educated and an easy target for the devil to control. Don't be fooled by the trickery that has been displayed into Obama by the fallen angel himself. Tribulation Saints rise now, for this is the time you need to prove yourself against the rest of the world. Jesus will return, and when he does, make sure that mark doesn't bare your body

Not really gonna give it credit BUT ...

The points you made in the similarities between Hitler and Obama is really the only thing I paid attention to. Its very eerie to note that these likenesses do exist. Do I truly believe he's the anti Christ? Time will tell...but at the moment...He's not smart enough and with out his teleprompter he's that charismatic of a speaker...I mean have you HEARD him debate without one? LMAO My advice is keep your eyes and ears open...fight against what you don't believe in and bring about the revolution!!!

You almost had me fooled there. Until you got to the part about how the Israeli's were imprisoning the poor Palestinians etc. If the Jews weren't being attacked and bombed they wouldn't have to take the measures they have. This is their land and they treated you kindly. You uturned on them and cry wolf every chance you get. I'm not saying all Jews are good, not all of any race are good. There's bad in every walk of life. When Jesus returns this all will be settled once and for all. And Peace will reign forever. Not the 3 and one half year false one of the Anti-Christ aka beast.
